What's Trending for 2020

Whatever your style – whether you're after a sleek, clutter-free family space or a splash of hotel-style chic – if you're planning to refresh your bathroom, we've got it covered. From statement enclosures to perfect storage solutions, we've selected the most inspiring new additions for 2020.

Metallic Mood

Metallic bathroom finishes have slowly taken over bathroom designs and this year is the time for brushed brass to shine. Usually the brass core is treated with chrome to produce the shiny steel look we've loved for so long, until now.

Our new Mineral brassware range on **page 226** takes influences from precious metals to create a luxurious finish with an affordable price tag. In addition, we have created a subtle brushed brass walk-in enclosure on **page 334** and extended our designer radiator range to complement these products perfectly. Pair brushed brass with marble to create a look that oozes sophistication or add dark shades of navy to accentuate further if you desire an opulent touch.

Crittall Comeback

Speaking of industrial fittings, the most popular trend in 2019, the Crittall-style shower screen is destined to dominate this year too. The grid design frames the area and has a more modern, urban feel than plain glass. Our extended Velar+ range is perfect for urban-chic styling and brings a fresh, on-trend style to any bathroom. The Hinged Door on **page 400** has matt black metal doors and framing which ticks all the boxes for style but also for functionality by creating a full enclosure.

New Industrial

For a modern feel combine finishes such as woods, marbles and block colours into your space, the Mode furniture range on **page 122** brings a premium feel to your design. Team with black taps, arrange plenty of metal accessories and succulents to create a loft apartment feel even if you only have a family bathroom space.

Supersize Statements

Bathrooms are one of the few places in the home where you can get away with strong, vivid tones. So, we urge you to make a statement this year by turning your shower space into a sanctuary that reinvigorates your morning routine.

Large format tiles are a big trend in 2020, their considerable size creates a spacious feeling and a sense of calm thanks to minimal grout lines. However, practicality of fitting large tiles into your home or budget is likely to mean they are not an option for many homeowners.

With our new Aquawall range on **page 434**, embracing large tiles doesn't mean you have to sacrifice on style or budget. The range offers plenty of variety with the large format wall panels available in iconic surfaces such as marble and concrete.

Calm Spaces

If you aren't a fan of dark moody rooms or clinical monochrome spaces, the trend for natural textures is continuing to grow in 2020 too. Bringing the outdoors in with botanicals and wood finishes to create a peaceful, tranquil surrounding, which is ideal for a bathroom space.

Our new and improved Aquatrend range on **page 164** provides three wooden finishes to create this exact look. Complete the look by pairing the natural wood with a solid surface freestanding bath for a spa-like feel.

Traditional Toilets Explained...

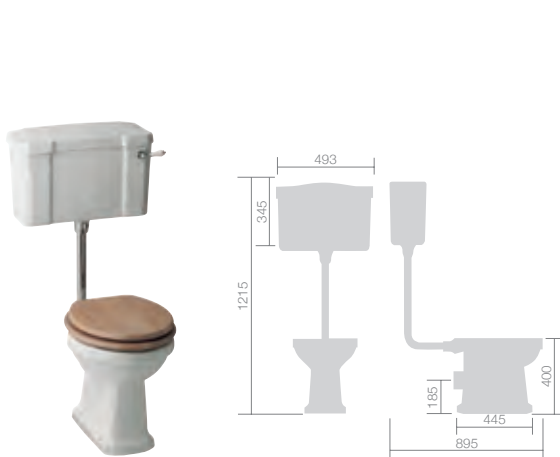

Our traditional toilets are designed to meet the requirements of your home. Our back-to-wall pans conceal pipework, whilst our close coupled styles save space and expense. If you're looking to create a grand period setting, you'll love how the towering design of our high-level toilets instil regal elegance. Alternatively, our low-level toilets offer timeless style and are especially good for bathrooms with low ceilings.

Practicality or style... why choose?
Our ceramic countertop basins are a great way to get a boutique feel at home. They sit above units and worktops, helping to keep water off the floor. Amplify their look with floating shelves, or instil a semblance of privacy with his-and-her sinks — the choices really are endless.

The Bath Collection

Baths connect you with the inner you. From boutique glamour to Zen-inspired serenity, they're where alter-egos blossom and awaken.

Our Aquanatural collection is designed to create a blissful oasis and is filled with sleek stone finishes that cater to every taste. Or you can lie back and unwind in one of our Aquaedition baths, which simplify the task of buying a bath through a wide range of shapes, styles and sizes. Whatever your style, you'll find bath-time has never offered so many choices!

aquanatural™

Aquanatural is a collection of solid surface baths, with the look and feel of natural stone. Sleek, minimalist and incredibly durable, they offer easy maintenance and last for many years.

Each Aquanatural bath is supplied with a free cleaning kit.

aqua edition

Aquaedition baths have a contemporary design mixed with pleasing curves and contours — creating the ultimate bathing experience. From practical single and double-ended baths, to luxury freestanding and whirlpool options, we've got bath-time covered.

The Furniture Collection

We've got plenty of furniture solutions to keep bathrooms running smoothly. Our floor-standing cabinets reduce clutter, our fitted designs streamline your room and our wall-mounted units open up your space. We know each home has a specific need that needs solving, so whether it's banishing clutter, finding a place for towels, or keeping the kids' stuff out of sight — we're sure our furniture will be the perfect fit. We also have a range of colours and finishes to choose from, making it easy to create a space you'll be proud of.

Don't miss

The **Mode** vanity unit which allows you to create a completely bespoke bathrom design, see **pages 122-123**.

Kompass

Why not break with the norm and embrace a fresh take on iconic, mid-century design? With its classic 1950s influence offset by candy pop hues, Kompass is a collection of bright and cheerful furniture saturated with vintage modern style. Consisting of wall-mounted units, plus optional basin and cabinet extras, it allows you to get creative with your organisation, producing a stunning bathroom look that's refreshingly retro.

Heating Collection

Comfort and relaxation should continue after you've stepped out of the shower. That means no arctic temperatures, no frozen floors, and definitely no soggy towels. Luckily, our heating has it covered with a choice of radiators, towel warmers and electric heating — giving you a little extra help when it comes to early starts and frosty mornings. Those in trend mode will love our selection of matt and metallic finishes, which require less maintenance, making them suitable for busy family homes. Our stylish variety of heating valves and elements also allow you to accessorise radiators to your taste.

Finding your BTU

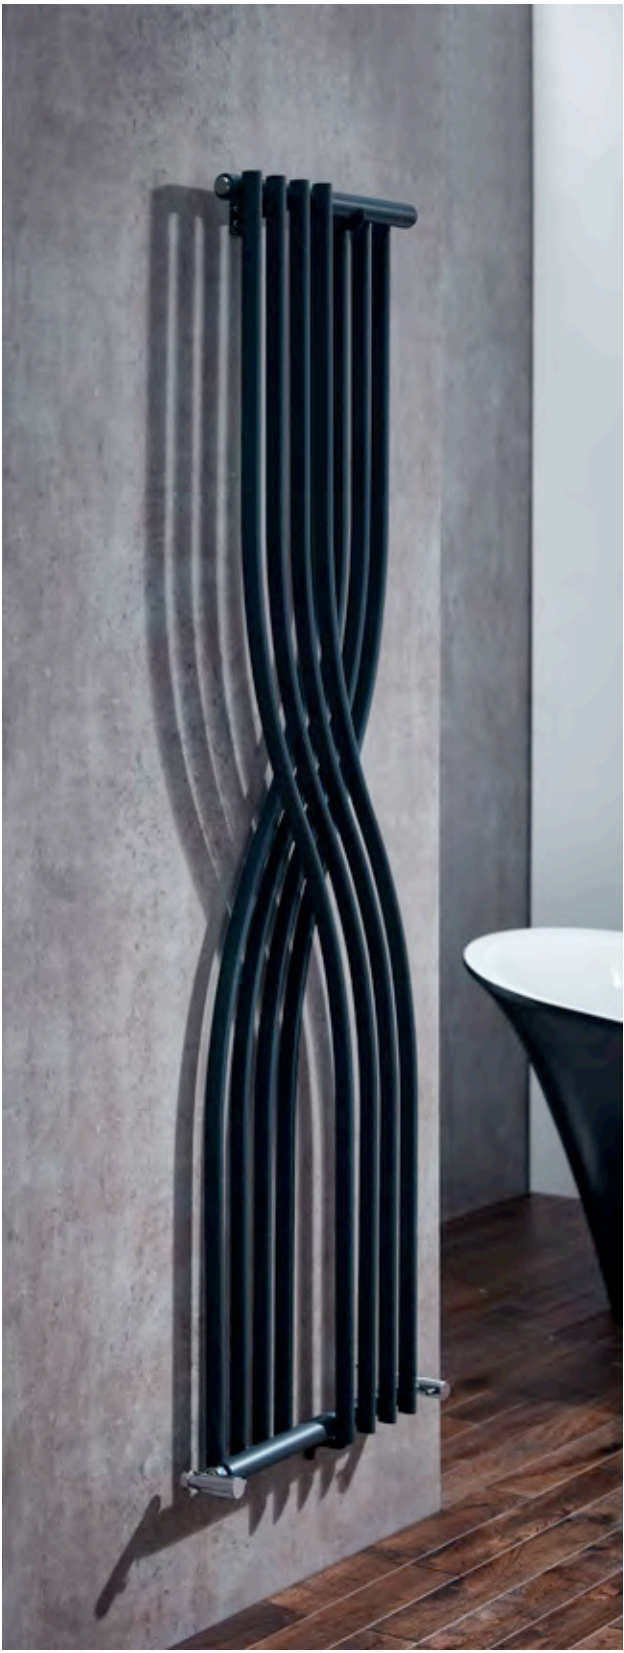

A BTU (British Thermal Unit) rating refers to the amount of heat released each hour by a radiator or towel rail. The number specified is the number required to heat your room sufficiently. The higher the BTU, the higher the heat output — a BTU of 5154 (per hour) will accommodate large rooms, while a BTU of 603 is better for heating items found in bathrooms, such as towels.

Electric radiators are operated by a heating element that's measured in watts. Standard elements heat your space at an optimum temperature (usually between 65-80°); while thermostatic elements allow you to set a desired temperature and gradually works up to that temperature in increments.

We recommend consulting your plumber if you're not sure which BTU or heating element is best for your home.

Why choose an aluminium radiator?
Their incredible heat output makes them five times more efficient than steel. This means aluminium radiators don't have to be switched on for long lengths of time to heat a room. They're also surprisingly lightweight.

DCM-PRO is the fastest solution for the installation of a heated underfloor system in all areas, installing in minutes with less tile adhesive. The system suits all floor types and protects the floor finish from cracks and damage caused by seasonal temperature changes that can affect the sub-floor. Tiles that are particularly prone to cracking benefit from the anti-fracture matting of DCM-PRO; hence why this underfloor heating system is always recommended with tile flooring.

Installs in minutes with less adhesive

The patent pending self-adhesive underside of the mat attaches directly to the subfloor and eliminates the need for an adhesive layer, significantly reducing installation time.

Use with all floor types

The DCM-PRO can be covered with self-levelling compound, allowing it to heat and protect any floor covering material, this includes tiles, engineered wood, vinyl and carpet providing a constant output of 150W/m2.

No tools required to fit the cable

Designed to be easily fitted in the mat without any tools. The cable is highly-flexible, durable and provides maximum reliability. Comes with a life-time warranty when installed with the DCM-PRO Mat.

Brassware

Nothing creates a bespoke look like a statement tap. And with over 50 stunning ranges to choose from, we're confident we can help you find the perfect finishing touch. We want to turn every element of the bathroom into a pampered experience, which is why our brassware collection offers stylish solutions to common peeves, like dripping faucets and hard-to-mix temperatures. Plus, all of our styles are crafted from solid brass and are fitted with ceramic disc technology — giving you durable designs that keep your bathroom's efficiency flowing.

aqua
edition

The Aqua Editon collection is a range of designer brassware for all tastes and budgets. Infusing bathrooms with everything from European style to spa-inspired tranquillity, each tap is rigorously tested to ensure a smooth operation, time and time again.

Sereno's minimalist styling encapsulates the no-fuss feel of Zen interiors, offering a feeling of calm and serenity. With gentle curves and flow-enhancing precision spouts, these modern taps bring the peaceful sound of water to bathrooms of any size.

Verso aqua edition

Created with everyday ease in mind, the Verso range reduces water consumption through spout aeraters that draw air into the water stream - improving the flow and efficiency of your tap.

Vita aqua edition

Highly modern and versatile in its design, our stunning Vita tap instils designer, minimalist chic in contemporary homes, with deck and wall-mounted styles catering for all bathroom layouts.

Shower Collection

A luxury shower conjures up different images for everyone. Maybe it's a steam shower, or a rainfall shower head. Or maybe it's a shower that simply stays warm when it's on. Everyone's different... therefore, our shower range suits different needs and tastes. From holistic therapies that offer your own personal spa, to powerful pick-me-ups that leave you ready for the day — the choice really is endless! We've also covered every shower type and offer a range of styles from the leading brands.

Which means the only thing left to decide is your shower style!

Create Your Own

If our ready-made showers don't take your fancy, why not create your own design with these stylish mix-and-match separates?

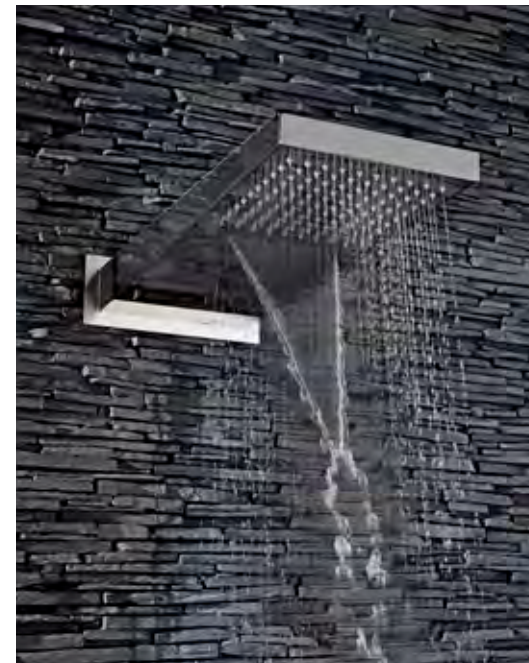

To find your perfect set, simply choose from the following options:

1. 1-way shower valve + 1 wall or ceiling-mounted shower head or +1 slide rail kit
2. 2-way shower valve + slide rail kit + wall or ceiling-mounted shower head
3. 3-way shower valve + slide rail kit + wall or ceiling-mounted shower head + either a body jet or overflow bath filler tap

Please note: wall-mounted shower heads may require a shower arm.

*All shower heads require a shower valve to operate.
For options see pages 294 - 299*

Velar 2-way shower valve

Which shower valve to select...

Shower valves offer two functions: they control the flow of your water and the desired temperature.

- Mixer valves mix the hot and cold water flow. The temperature depends on how far you turn the knob or lever.
- Thermostatic valves automatically regulate your temperature, keeping it consistent if water is being used elsewhere in your property.

1-Way Showers

1-way shower valves connect water to a single shower outlet, usually an overhead shower head or slide rail. All of our 1-way valves feature a single handle that controls both the water flow and temperature.

2-Way Showers

2-way shower valves come with two controls, making it possible to operate two shower functions at separate times. The bottom control turns the water on and off, while managing the temperature. The top acts as a diverter, switching water from one outlet to the other.

3-Way Showers

3-way shower valves connect three outlets - e.g. a shower head, handset and a valve-operated bath tap. Each outlet operates on its own and is either managed through its own handle, or by a bottom control like on 2-way valves. The only difference is you turn the diverter to the left or right to switch to the other two outlets.

Concealed Thermostatic Shower Valves

1-Way Shower Valves

Our 1-way thermostatic valves are managed with two controls. They still supply a single outlet, but one handle operates the temperature, while the other offers better flow management. All valves are fitted with an anti-scald shut-off device — keeping you safe in the event of no cold water.

Our readymade packs and columns make finding a traditional shower easier. They include a luxury valve and slide rail, and can be used with fixed, mounted or existing shower heads. It's helpful to remember slide rails are used to hold up your shower head. So, if you have young kids who like to shower unsupervised, opting for a hand shower and adjustable rail will give them extra ease.

The luxury Mono walk-in shower is an innovative take on the privacy screen. Its unique, opaque look is actually comprised of three decorative finishes mixed with subtle traces of pigment – giving you a frosted, tinted and contemporary 'ombre' effect in one. Use it to bring a secluded feel to open-plan showers.

Shower Trays

Shower trays are an important consideration when planning your bathroom as they have a big impact on the overall look and feel of a shower enclosure. We offer a wide range of trays to suit the shape of your enclosure, made with quality materials and expert engineering.

Our acrylic shower trays have a flexible design that's easy fit to the floor or raise with an Easy Plumb kit. Available in 80mm or 45mm high, they feature a stone resin base that's durable and easy to clean plus anti-slip finish is also perfect for anyone looking for extra care. If you're looking for a more streamlined look, our slimline acrylic shower trays are only 25mm high - meaning there isn't a big step up, perfect for walk-in showers.

Crafted from stone minerals, our luxury stone trays blend the durability of the Great Outdoors, with the feel of natural stone. Both our stone ranges enhance rustic, contemporary and traditional bathrooms with a touch of Mother Nature providing a luxurious spa feel to enhance your showering experience.

Lighting, Walls & Floors

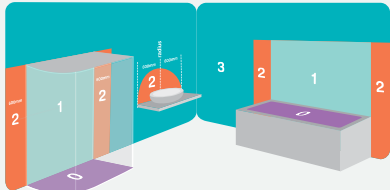

When it comes to creating high impact in the bathroom, it's the details that make the biggest splash. Our Wall collection features items bursting with colour, patterns and textural interest, all designed to take the look of your bathroom to new heights.

You can inject touches of modernity with our new artisan and nature-inspired Aquafloor bathroom flooring, whilst our sustainable Aquawall panels create a seamless wall covering for bathrooms and kitchens.

What is bathroom zoning?

Light fittings are assigned an 'IP rating' which indicates how much protection they provide against ingress of water. The bathroom area is divided up into 'zones' 0-3 with each zone having a minimum IP requirement that must be met if a fitting is to be installed in this zone.

Bring the outdoors in with our Aquafloor range that encapsulates natural habits and organic tones.

Aquawall featured in Grey Oak

Aquafloor provides a realistic look of stone or wood and is extremely hard wearing and resilient to daily wear and tear. The flooring is warm to the touch and is more sound absorbing than wood, laminate, and ceramic tile flooring. This understated flooring has innovative design features such as the patented 3L triple lock for a sophisticated approach to bringing the outdoors in.

Aquafloor features:

- 100% Water resistant
- Easy to install with drop down and lock system
- UV Resistant
- Suitable for walls
- Simple to cut with utility knife

Washington tiles combined with XL panel

An introduction to Aquawall

Surface decoration offers an intriguing layer to a room design. The organic natural colour pallets of our Aquawall range is a perfect choice if you desire a clean finish, as the product requires no grout. They share the elegant V-groove that gives Aquawall its seamless and unique look and feel. Available in two sizes, the standard tiles and large format tiles, or XL wall panels, can be easily combined. Simply, choose the sizes and finishes that fits in with your dream bathroom design.

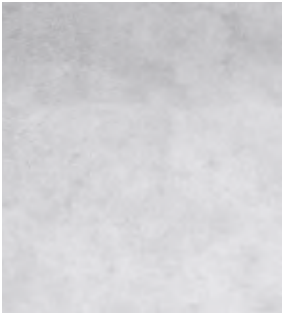

Features:

- 100% water resistant
- Easy connect tongue & groove installation
- Authentic joints without the grout
- UV resistant ensuring panels are colourfast
- Easy to clean
